WEDDING BROCHURE

WHO ARE WE?

We are Tobiah and Laura. We love photography and we love each other. We know that we have the best job in the whole wide world and we love to share what we do!

We love to create not just stunning photographs, but art. We feel that photographs are a way of feeling, of touching, of loving. A moment that is captured forever... it remembers little things, long after you have forgotten everything.

We have a unique style which we feel sets us apart from the thousands of other photographers in your area! You cannot compare photography. You can only recognize when a photograph makes you feel something special.

Our photographs are all about drama, atmosphere, emotions, style and fun! We love weddings and believe that it is vital that the experience is enjoyable - If not it won't show in your photographs.

We are not limited to a particular genre of photography. We fuse modern contemporary, fashion styles with reportage and traditional styles.

We are based in Cheshire and Manchester but love to photograph all over the UK and even destination weddings

THAT'S US!

Folio Albums - included in our standard album package are hand made in the United Kingdom. Folio Albums are made using traditional methods and the latest materials, technologies and techniques.

Folio albums print your images on fine art archival quality paper which has a beautiful matte finish that is lovely to touch. They open flat with an almost invisible crease down the center of the album.

Folio albums use paper that is recycled or from sustainable sources only. And come in a wide variety of cover materials. Text debossing is also available

RedTree Albums - included in our standard album package are hand made in the USA.

You just have to hold a Red Tree album to appreciate the quality and craftsmanship that goes into each of their albums.

With thicker pages than our Folio albums Red Tree albums are printed using Fuji Crystal Archive Lustre paper and display your images with a unique clarity.

Red Tree Albums come in a variety of cover materials and there are options for photo cut-outs on the front of your album and text debossing.

Queensberry Albums are widely regarded as the best in the world - and for good reason.

Each album is made in New Zealand and truly is a work of art. Queensberry blend the traditional with the contemporary.

Queensberry Albums are available in a traditional matted style. We offer two ranges of Queensberry - The Press Range which goes up to 12x12" in size and the Deluxe Duo album which goes up to 18x12" in size.

Queensberry Press albums are included in our basic package and the handmade Deluxe Duo album is an optional extra.

PRE-WEDDING SESSIONS.

The pre wedding portrait session is all about photographs that capture your love for one another.

We meet up, have some fun and get to know each other a little better. The session will help you to get more comfortable in front of the camera. At the end of the session you will have some amazing photographs to decorate your walls with, or even use for a guestbook at your wedding. We spend around two hours taking photographs of you in the location of your choice.

Our pre-wedding sessions come with all digital files on disc for you to use freely.

Just £350 Per session

PHOTOBOOTH.

Our photobooths are all about having fun!
We have fun, you have fun and your guests have fun!

We set up the wedding photobooth after the first dance and have the photobooth open for 1.5 hours. We bring props and help your guests along in creating great fun photographs.

We deliver all of your photographs in high resolution on CD for you to send to all your friends. We also can create an optional photobooth book to keep the crazyness separate from your main wedding collection!

From Just £350

DO YOU RECOMMEND A PRE WEDDING PORTRAIT SESSION?

Yes, pre wedding shoots are great for getting to know us better and for getting used to being in front of the camera.

WHO WILL PHOTOGRAPH MY WEDDING?

We love to work together, so you get both of us whether you like it or not! That's Tobiah as main photographer and Laura as second photographer, assistant and general wedding day helper! It works great that way, and that's how we capture every part of your wedding day.

HOW CAN I USE THE HIGH RESOLUTION IMAGES?

The high-resolution images come on DVD in both colour and black and white. You can use the files to print high quality prints & canvases send photos your friends, share them on facebook or use any other way you can think of - although mouse mats and mugs are quite cheesy!

CAN OUR FAMILY BUY ALBUMS OR PRINTS?

Yes, of course. We are happy for you to share your photos with your friends and family but we also put your photographs into an online gallery for proofing and ordering to make it easy.

HOW LONG WILL IT TAKE TO GET OUR WEDDING PHOTOGRAPHS?

We work hard to make sure that your photos are ready as soon as possible without compromising the quality. We aim to have the online proofing gallery available within four weeks of your wedding date but it's often less.

HOW MANY PHOTOGRAPHS DO WE GET?

At a wedding we typically take over 2000 photographs. We then work our magic, picking out all the best images - removing photos where you may be blinking or mid sentence! We don't limit the number of wedding photographs that we give to you, but you can expect over 500 photographs. We typically deliver from our weddings around 750 photographs. By then you will probably have run out of wall space!

HOW DO WE BOOK YOU?

It's great for us to meet before you book us, so we can get to know you a little better. If you can't meet us, it's no problem. To secure a date we require a £500 booking fee and the balance is payable one month before the wedding date.

DO YOU HAVE BACKUP EQUIPMENT?

A pro photographer should always have professional equipment if they take their job seriously. We have 5 camera bodies worth over £10,000, many lenses again worth about £10,000 and lighting equipment to the value of £5000.

ARE YOU INSURED?

Yes we have professional indemnity insurance for up to £5 million. That should just about cover it!

ARE YOU VAT REGISTERED?

Yes we are VAT registered and vat invoices are available on request.
